

# Fitting the Eson 2

Hold open the bottom straps of the Headgear with the Mask Frame facing downwards.

Guide the headgear over your head so that the silicone seal is resting on your forehead.

Place your hands on the bottom straps on either side of the mask frame and pull out and downwards. Ensure the silicone seal rests over your nose and the blue top strap is sitting on your forehead.

Gently tighten the headgear straps of the mask headgear starting with the blue forehead straps followed by the bottom straps.
